

Canadian Anti-Spam Legislation  
**Consent to Receive Commercial  
Electronic Messages**

Sturgeon schools would like to keep you informed about the latest school events and activities by occasionally sending out email and text messages via the Power Announcement messaging system. Occasionally these communications may include information related to school offers and activities such as field trips, student photos or clothing, yearbooks, advertisements, and events.

This information is consistent with what has been provided to you in previous years, but because these types of announcements are now referenced in the Canadian Anti-Spam Legislation, schools must adhere to the requirements of that legislation and receive prior permission before distributing this information digitally.
