

Good day Sturgeon Composite Families,

Thank you so much for a great first semester! As we reflect on semester one please ask your child what their favorite course or activity was from semester one.

February is a time for us to look forward. Administration begin to plan for our next school year, our grade 12's plan for their future after high school, and our grade 10's and 11's determine what they need for graduation and life after high school. Registration for next year starts at the end of February and what choices students and parents/guardians make will help set them up for their future courses and their plans after high school.

When school is a positive, safe and fun place to be, the learning becomes remarkable! Your support at home is essential in making this happen by having our students prepared. Every night, please set aside time for your child to discuss their day with you as well as practicing some academic work; your kids are never too old to discuss their day at school. Please connect with your child's teachers on specific ways that may support the needs of your child.

We look forward to a busy February. Please note Sturgeon teachers will be participating in the annual teacher's convention this coming February 10 & 11, there will be no classes those days.

Grad Photo retakes are taking place February 14-16, remind your grad to book their appointment if they have not already done so.

Our next School Council meeting will be Tuesday February 15<sup>th</sup>, meetings are virtual, and we would love to see you there. Check out our website for link to meeting.

Family Day, on February 21, gives us an opportunity to reconnect with our families: to reenergize, refocus, make memories, and share some quality time together.

Let me offer thanks to our parents for entrusting your children to our care. We have dedicated staff and we are thankful for our many diverse and talented students.

## **Second Languages update**

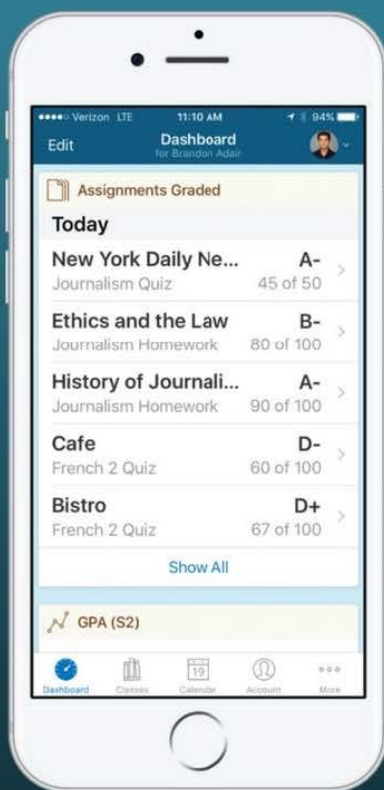

**January February 2022**

**LIVE YOUR LANGUAGE**

Semester II offers French 10-20-30 and offers the same chances for students to grow and develop skills in a language class which is really Language AND Culture. The two are inseparable and learning one reinforces the other. Like Spanish students, French students will be expected to present in front of the class, read aloud, play Verb Bingo, write about themselves and learn how to ask others about themselves. There will be music, one movie, lots of practice, and most importantly, the opportunity for students to mature and become independent learners. After all, that is what it takes to **LIVE YOUR LANGUAGE!**

with Best Wishes to all in Semester II
